

Access Blood Lead Test Results on Docket® and myHealthNJ.com

Docket® and myHealthNJ.com offer New Jersey residents digital access to personal and family blood lead test results reported to New Jersey Department of Health (NJDOH).

myHealthNJ.com

Docket® Mobile App

Important: if your personal or family lead test results are not immediately visible, be sure to refresh your myHealthNJ.com account or Docket® mobile app by clicking or tapping the recycle button as noted above. If your test results do not appear, ask your health care provider to report your results to NJDOH. For more information about how to access your records, visit dockethealth.com/faqs.

To learn more about childhood lead, visit nj.gov/health/childhood-lead.
